

NICARAGUA & JAMAICA

TWELVE
DISTILLERIE
DE LAGUIOLE

PRODUCT INFORMATION :

A blend of three distilleries :
- Monymusk and Worthy Park in Jamaica,
- and the (only one) distillery in Nicaragua.

This RHUM RARE has been reduced to 43,5 % for a smoother tasting experience, with the addition of a light touch of cane sugar (7 grams per liter).

Roundness and smoothness are the order of the day.

STRENGTH : 43,5 % vol.

VOLUME : 50 cl

NOSE NOTE :

As is often the case, Jamaica dominates from the outset, with its characteristic deep, intense fruitiness.

The nose then moves peacefully towards crushed strawberry.

With aeration, an unexpectedly pleasant mentholated freshness emerges.

It is a pleasure to follow the rum wherever it takes us, without resistance.

PALATE NOTE :

Very soft, almost creamy texture, followed by a restrained, sure and quiet build-up of power.

The ripe exotic fruits are round and fatty, but with a slightly sharper edge, like a little whiplash.

The mid-palate is all the more pleasing with its hints of stone brandy, resin and almond.

FINISH NOTE :

Warm and savory, it leaves a sweet licorice impression for quite a while...
